

SUSTAINABILITY ENROLLMENT PROCESS

FBN's sustainability enrollment tool is designed to offer farmers an easy experience to enroll and sign sustainability contracts through the FBN app

This tool offers farmers:

- **Faster payment** by connecting their FBN account with their ADM account at time of enrollment
- **Faster enrollment** by making enrollment and contract signing one seamless experience

Steps to enroll:

1. Talk to farmer about program

- a. Same process as last year!
- b. If farmer is interested, send them a link via text/email or have them scan a QR code

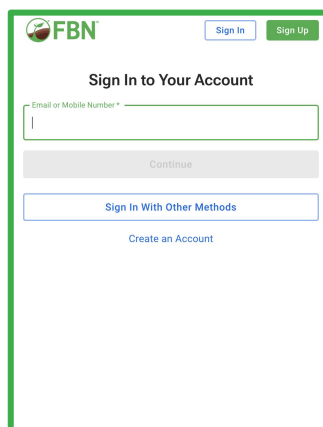

[Cover Crop Program](#)

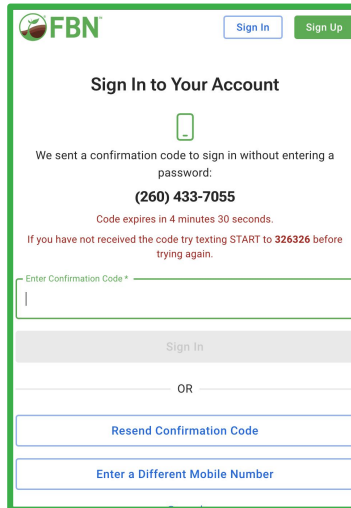

[Wheat Program](#)

2. Link opens to page on FBN

- a. This page starts the process of logging into FBN.com.
- b. **Enter your mobile phone number**

A screenshot of the FBN Sign In page. The page has a green header with the FBN logo and 'Sign In' and 'Sign Up' buttons. The main heading is 'Sign In to Your Account'. Below it is a text input field labeled 'Email or Mobile Number *' with a small 'i' icon. A 'Continue' button is below the input field. At the bottom, there is a 'Sign In With Other Methods' button and a 'Create an Account' link.

3. **Farmer will log in to FBN (if needed)**
 - a. **If already a member, farmers will receive a text message to login (see image below)**
 - b. **If not a member, farmers will click a link to sign up for FBN (next slide)**

Do you confirm that documentation is available to prove compliance with ISCC requirements (available on www.iscc-system.org) including maps of all fields, their sizes, legal right to farm, contractual agreements with subcontractors and first gathering points (e.g. country elevator or grain elevator), delivery notes/weighbridge tickets for first gathering points.

☐ Yes ☐ No

Do you confirm that there was no land conversion since 1/1/2008 (entire own and leased land)?

☐ Yes ☐ No

Do you confirm that no land with high biodiversity value, high carbon stock or peat land has been converted to farmland since 1/1/2008?

☐ Yes ☐ No

*Do you confirm that the crop is produced in an environmentally responsible manner, including natural water courses, ground water and irrigation, soil conservation, prevention of erosion and preservation of organic matter and soil structure. Good agricultural practices, especially for fertilizer and pesticides including disposal of

Frequently Asked Questions:

- **Can I enroll farmers and just send them a contract to sign?**
 - The enrollment questions/contract signing is easy. The hard part is signing in! Best practice will be for you to walk farmers through this process over the phone
 - We are working on a process where TAs can request a contract for a farmer, which will send the farmer an email that logs them in and takes them right to the enrollment questions
- **How do I see what farmers have signed contracts?**
 - We will have a shared gSheet or similar report that will show you the status of all farmers that have started the enrollment process
- **How do farmers re-enroll?**
 - They follow the same process as new farmers
 - We are working to develop an email process to mass invite last year's customers to re-enroll
